Disability Income Rider Occupational Guidelines

This section is designed to assist producers in knowing which occupations are uninsurable under Term Life Express Disability Income (DI) rider.

It is important that each application accurately describes the applicant's specific duties. Each applicant must have 12 months of earned income to be eligible for this rider.

If the applicant has more than one gainful occupation, whether full-time (30 or more hours per week), part-time or seasonal, all must be shown. Any decision on uninsurable occupations will be based on the one involving the greatest hazards. Income from the part-time or seasonal occupations will generally NOT be considered for determining monthly benefit amount eligibility/limits.

Uninsurable occupations and examples of some job duties are listed in alphabetical order. For occupations not listed, contact an underwriter for assistance. The uninsurable occupational list is a guide. Mutual of Omaha's underwriters utilizing all available sources of information will determine all final eligibility. Your assistance in providing precise details of any applicant's occupational duties will be beneficial toward determining any final eligibility status. Underwriting may require additional information regarding occupation and income.

Additional Product Features, Provisions and Riders

Subject to state approval

Return of Premium

The ROP feature allows the base insured to receive a refund, up to 100 percent of all premiums paid into the policy, upon surrender of the policy. The ROP amount will return all premiums, paid and waived, including all policy fees and all rider premiums.

The Return of Premium percentages will vary from policy year to policy year on a policy to policy basis.

Unemployment Rider*

This rider has a 6 month benefit period where we will waive the premiums for the base plan and all riders if the Insured becomes unemployed. The base plan must be in force for 24 months (in PA, 9 months) before unemployment begins. The elimination period is 4 straight weeks of unemployment where the Insured is receiving state or federal unemployment benefits.** Proof of unemployment will be required at the time of claim. This will be a one time waiver.

*In CA, IN, MT, NJ, SC and VT: Waiver of Premium For Unemployment Rider.

**In Utah and Pennsylvania, from any recognized unemployment program.

Common Carrier Death Benefit Provision

This provision provides for an additional death benefit equal to 100 percent of the original face amount. If the base insured dies in an accident while a fare paying passenger on a common carrier (e.g., airplane, train, bus, etc.), we will pay the beneficiary the additional amount.

Disability Income Rider (not available on ROP products)

The rider can only be added at issue. The premium is guaranteed only for the first year. The Insured can apply at issue for a maximum monthly benefit equal to the lesser of:

- 1.5 percent of the face amount at issue or
- \$3,000 per month or
- 60 percent of the Insured's monthly gross income (If group insurance disability coverage is in force, a maximum total benefit of 72 percent of the insured's monthly gross income may be allowed.)

The monthly benefit amount being applied for will be reduced by the amount of any individually owned Disability Income insurance already in-force. The Insured will also apply for either an 18-month benefit or a 30-month benefit. The monthly benefit amount and the benefit period cannot be changed after issue. The elimination period is 90* days. Pre-existing conditions are excluded from coverage during the first two years of the policy.

The minimum monthly benefit amount that can be applied for is \$250.

The Insured can use the 18 or 30 months of benefit at various times if the disability did not last the entire benefit period

(i.e., initial disability lasted 12 months and so insured has 6 months of an 18-month benefit left). Once the Insured uses up the entire 18 or 30 months of disability benefits, the rider terminates and the premium drops off.

If the Insured does not become disabled prior to the earlier of the end of the level period or age 60, the benefit is no longer available. However, if the Insured is in benefit he/she will continue to receive the remainder of the benefit as long as he/she is still disabled.

The rider premium stops on the anniversary date of the level period or the anniversary date following the Insured's 60th birthday.

The definition of disability will be "Any Occupation" for the entire 18 or 30 months. "Any Occupation" disability is defined as the Insured's inability to substantially perform in the usual and customary way the essential duties of any occupation for which the Insured may qualify by reason of education, training or experience.

The net monthly income disability benefit payable equals the monthly income benefit shown on the policy data pages, reduced by the amount of Social Insurance benefits received, if any, for the total disability being claimed. Social Insurance means disability or retirement benefits the Insured is receiving due to a current sickness or injury. Social Insurance benefits include: Social Security Disability or Retirement Benefits, Workers' Compensation Benefits, Government Retirement and/or Disability Fund Benefits, and Railroad Retirement Act Disability Income or Retirement Benefits.

Regardless of any reduction due to Social Insurance, benefits payable for Total Disability under this Rider will not be less than \$50 per month.

*In MD, elimination period is 120 days.

Waiver of Premium Due to Disability Rider

If the Insured becomes totally disabled and is unable to work, we will waive the premium for the base policy and all riders through the level period. The elimination period is 90* days. This benefit will continue as long as the Insured is disabled. If the Insured does not become disabled prior to the earlier of the end of the level period or age 60, the benefit is no longer available.

The premium for this rider stops on the anniversary date of the level period or the anniversary date following the Insured's 60th birthday.

The definition of disability will be "Any Occupation." "Any Occupation" disability is defined as the insured's inability to substantially perform in the usual and customary way the essential duties of any occupation for which the Insured may qualify by reason of education, training or experience. The premium will be a percent of the total premium for the base policy and all other riders.

*In MD, elimination period is 120 days.

Residential Damage Rider

If the primary residence sustains \$25,000 or more of damage, this provision allows the monthly base premiums and riders to be waived for one six-month period.

Accelerated Death Benefit Rider (ROP policies)

The rider can only be added at issue. An Accelerated Death Benefit Rider (no cost) will be available as an addition at issue.

The rider provides a lump-sum benefit if the Insured provides evidence that his/her life expectancy is 24 months or less. The lump-sum benefit is equal to 92 percent of the death benefit. Once the 92 percent benefit is paid out, the policy will be terminated.

In Florida, life expectancy is 12 months or less. The lump-sum benefit is equal to 94 percent of the death benefit.

In New Jersey, life expectancy is 6 months or less. The lump-sum benefit is equal to 96 percent of the death benefit.

In IN, OR and WA, lump sum benefit is equal to 94 percent.

The ABR rider may not be available in all states.

Living Benefit Riders (Non-ROP policies)

For each of the following Accelerated Death Benefit Riders, the requested benefit amount may not exceed 80 percent of the policy's face amount as of the policy issue date. Definitions of chronic or critical illness may vary by state.

- Chronic Illness Rider – Provides an accelerated death benefit if the insured is certified by a physician within the last 12 months as unable to perform two of six Activities of Daily Living (ADLs) for 90 consecutive days, or requires substantial supervision to protect himself or herself from threats to health and safety due to severe cognitive impairment
- Terminal Illness Rider – Provides an accelerated death benefit if the insured provides evidence that their life expectancy is 12 months or less
- Critical Illness Rider – Provides an accelerated death benefit if the insured has been certified by a physician as having one or more of the following conditions within the last 12 months: ALS, kidney failure, life-threatening cancer, major organ failure, heart attack, and stroke

Accidental Death Benefit Rider

The rider can only be added at issue. The issue age of the base insured must be 18-55.

The rider terminates and the premium stops at the earlier of the level period or the anniversary date of the policy following the Insured attaining age 65. The ADB amounts available are based on the issue age of the base insured and are as follows:

- Minimum ADB Amount: \$10,000
- Maximum ADB Amount: Issue Ages: 18 - 25 = \$100,000
Issue Ages: 26 - 55 = \$250,000

OR 1 times the face amount, whichever is less.

Premiums will not vary by sex or smoker classification.

Children's Rider

The rider can only be added at issue, and is available for the base policyowner only. The issue age of the base insured must be 18-55.

The rider terminates and the premium stops at the earlier of the anniversary date following the Insured's age 65 or the youngest child attains age 23. The Children's Rider covers all unmarried dependent children (age 15 days through 23 years (i.e., cannot be added after 20 years of age)) who are members of the Insured's household and listed in the application. Children born or adopted after issue of this rider are included automatically when they attain the age of 15 days.

When the coverage on a child expires, the child may, without evidence of insurability, convert to any form of permanent insurance up to \$5,000 for every \$1,000 of term coverage.

The annual premium for the Children's Rider is \$7.20 for every \$1,000 of insurance. This rider is available in amounts of \$5,000 and \$10,000.
